

CreatorQuest AI - User Manual

Welcome to CreatorQuest AI

CreatorQuest AI is your all-in-one productivity platform designed for content creators, freelancers, and entrepreneurs. It combines gamified habit tracking, an AI personal coach, workflow management, and personal finance tracking into a single, premium futuristic dashboard.

1. Dashboard (Main Hub)

- Hero Stats: View your Total XP, Productivity Score, Monthly Earnings, and Content Streak.
- XP Meter: Watch your level grow as you complete tasks.
- Daily Quests: A quick summary of your tasks for the day.

2. Quests & Habits

- Complete Tasks: Check off daily habits to earn XP.
- Current Tier: Reach new ranks as you accumulate XP.
- Achievement Gallery: Unlock special badges for hitting milestones.

3. Quest AI Coach

- Chat Interface: Ask Quest AI for advice, workflow optimization, and motivation.
- Daily Insights: Get automated alerts about your productivity patterns.

4. Creator Workflow Tracker

- Project Stages: Track your videos from "Idea Research" to "Upload".
- Social Hub: Monitor your YouTube stats and social media post statuses.

5. Money Tracker

- Income vs Expenses: Visualize your monthly cash flow.
- Savings Goals: Track your progress towards purchasing new gear.
- Recent Transactions: Log your earnings and expenses.

6. Analytics Dashboard

- Creator Score Profile: A radar chart showing your consistency, quality, and engagement.
- Weekly XP Velocity: Track how much XP you gain each week.

Getting Started Locally

1. Ensure you have Node.js installed.
2. Open the frontend folder in your terminal.
3. Run `npm install`.
4. Run `npm run dev` to start the server.
5. Open your browser and navigate to `http://localhost:5173`.

Enjoy using CreatorQuest AI!
